YACHTS EUROPE

2022/23 RANGE

Your *Unique* Segue Experience

Your Segue Yacht is crafted for one purpose ... to enhance the quality and enjoyment of your life.

The perfect blend of design, state of the art joinery and technology, built and hand finished by passionate, experienced craftspeople.

The balance of design, luxury, capability and attention to detail gives you ownership of an impressive, *unique* and exciting boating experience for you, your family and friends.

Segue, as *Exclusive* as You Are

Segue Yachts are for those who cultivate their own unique vision, rejecting conformity and making your boat your own.

Because your luxury Segue Yacht is hand crafted by artisanal crafts people, it can be personalised like no other, whatever size you choose.

It will make a perfect statement and, importantly, be exactly what you want it to be ... *exclusive*.

The Most *Elegant* of Designs

Beautifully *elegant* design, harmonised with functionality is the result of our long and successful partnership with Corgo Yacht Design.

Artistic ability, combined with technical knowhow means that 3D modelling and Computer Fluid Dynamics (CFD) are used to model our yachts in a virtual environment.

Before the first cut is made we already know how it will look and perform at full throttle on the open sea, in the bay as you dive and play, and in the marina as you relax and entertain. So, *elegant*, you may just want to sit on the shore and look at it.

Segue Yachts are Steeped in *History*

Segue Yachts are a secret that has largely been kept from the UK and European luxury boating market since 1974 ... until now.

An independent, family owned business, Segue Yachts have a history of designing and hand crafting luxury yachts using only the finest of materials and equipment. The perfect marriage of craftsmanship and technology.

For nearly 50 years, state of the art joinery, beautiful design, and the most reliable of components have come together, built and hand finished by experienced crafts people using exclusive materials to ensure consistent and lasting quality that are worthy of your praise.
