

DANCING

THROUGH STYLES - YEAR 1

Welcome to the first part of our show 'Dancing through Styles'

Here at Peterborough College, the Dance students focus heavily on technique in various styles of dance. The main genres being Ballet, Jazz, Contemporary and Commercial dance. Knowledge of these styles is a requirement for most Higher Educational facilities. As an addition, this year Musical theatre has been added to their syllabus, helping the students to gain confidence and skills in acting and singing as well as dance.

Part 1 of this showcase is a collection of choreographies covering the fundamental styles and techniques that the students have learnt so far.
